Free internet access for students and families

Free Wi-Fi internet access is now available to our students and community at three locations throughout the county.

SCS is providing free Wi-Fi internet access at these locations in order to better serve our community and to allow students and parents without home internet access to view and use the online educational resources we have available through our [Sumner Connect](#) website.

Free Wi-Fi internet access is now available at:

Hendersonville High School in the parking lot near Cherokee Road

Gallatin High School in the front parking area

North Sumner in the parking lot by the gym

Students can use their school ID to access our Wi-Fi or log in as a guest by registering with an email address.

We encourage our community members to practice social distancing and remain in their vehicles and at least six feet from others when accessing the free Wi-fi on our campuses.
